

2016 Promo

The popular Lynx systems and the popular promo pricing stay the same for the rest of the year. The Lynx 2016 program also adds the new ATAS and TAWS options, priced separately. Below are the Lynx NGT-9000 part numbers and pricing for the remainder of the year.

Lynx NGT-9000 Transponder / Display Base System ~~M.S.R.P. \$7,860~~ **Promo \$5,490**

The Lynx NGT-9000 touchscreen Mode S ES transponder displays ADS-B traffic and weather on itself, as well as other compatible panel-mounted displays. A Wi-Fi interface module is included for connectivity to tablet flight apps. All Lynx models incorporate an embedded WAAS/GPS.

	9029000-20000	NGT-9000 Transponder / Display	SAVE \$2,370	4,430
	9060-17000-01	Install Kit Straight RF <i>or</i>		520
	9060-17000-02	Install Kit Right Angle RF		
	9230-17003-01	Detachable Configuration Module		35
	9230-17005-01	Wi-Fi Module PIM-9000 (requires DB9 connector or install kit 9060-17001-01)		185
	S67-1575-135	GPS/WAAS Antenna Rectangular Form		320

Lynx NGT-9000+ Active Traffic w/o Directional Antenna ~~\$10,380~~ **\$7,245**

Same features as the NGT-9000 Base System plus L-3's Next Gen Active Traffic feature. Uses customer's existing SkyWatch antenna. 5,490

	0035-17001-01	TAS NGT-9000+ Enablement Certificate	SAVE \$3,135	1,635
	Three additional RF cable assemblies required - Choose from:			
	9020-17010-01	Cable ass'y right angle plug w/ TNC Jack		120
	9020-17011-01	Cable ass'y right angle plug w/ BNC Jack		
	9020-17008-01	Cable ass'y straight plug w/ TNC Jack		
	9020-17009-01	Cable ass'y straight plug w/ BNC Jack		

Lynx NGT-9000+ Active Traffic w/ Directional Antenna ~~\$12,640~~ **\$9,505**

Same features as the NGT-9000+ above but with a directional antenna and install kit. 7,245

	805-10890-001	Directional Antenna NY164	SAVE \$3,135	1,995
	817-10009-XXX	Install Kit Directional Antenna *Select Antenna Radius Below*		265

ADS-B Traffic Alerting System (FAA Certified ATAS) **\$667**

ATAS is a more refined alerting technology that is more predictive (35 seconds prior to CPA) than older alerting systems. ATAS continues working below 500' where traffic conflicts most often occur. When ATAS and Active TAS are combined, traffic alerting is based on using the best information first. The Lynx ATAS option announces the range, bearing and relative altitude of intruder aircraft and issues warnings such as "Traffic, traffic, seven o'clock high, two miles."

0035-17004-01	ATAS Option	667
---------------	-------------	-----

embedded Terrain Awareness Warning System (eTAWS) **\$4,000**

The Lynx Class B eTAWS option brings terrain alerting through both graphic and aural warnings. The Lynx eTAWS option is embedded into the display unit, eliminating the need for extra boxes.

	0035-17005-01	eTAWS Option	4,000
---	---------------	--------------	-------

2016 Promo

Lynx NGT-9000 w/ Antenna Diversity ~~M.S.R.P. \$9,265~~ **Promo \$6,895**

Same contents/features as the NGT-9000 Base System but with the added capability of antenna diversity.

- 0035-17001-01 Diversity NGT-9000D Enablement Certificate
- One additional RF cable assembly required - Choose from:
- 9020-17010-01 Cable ass'y right angle plug w/ TNC Jack
- 9020-17011-01 Cable ass'y right angle plug w/ BNC Jack
- 9020-17008-01 Cable ass'y straight plug w/ TNC Jack
